The aim of the Switch is to provide the Shareholders with an exposure to the performance of fixed-rate government debt from the following countries: Australia, Belgium, Canada, Denmark, France, Germany, Italy, Japan, Netherlands, Spain, Sweden, United Kingdom and United States. Additionally, the New Index uplifts green bonds issued by these countries so that it makes up to at least 30% of the New Index.

These changes will be reflected in the next Prospectus.

• **In case where the Shareholders do not agree with the Switch, the Shareholders who usually subscribe or redeem Shares in the Sub-Fund on the primary market may redeem their Shares without fee (except for the fees acquired by the Sub-Fund to prevent dilution of shareholders investment), during a period of one month as from the date of this notice which is only notified on the Company's website dedicated to shareholders notices as permitted by the Prospectus.**

• **We draw Shareholders' attention to the fact that if the Sub-Fund's Shares are sold on a market or exchange, the Shareholders may be charged broker fees on to the sale of (a) Share(s) in the Sub-Fund.**

• **In case where the Shareholders agree with the changes, no action is required from the Shareholders.**
